ðArguably the greatest living travel writerð (Outside magazine), Pico Iyer has called Japan home for more than three decades. But, as he is the first to admit, the country remains an enigma even to its long-term residents. In A Beginner's Guide to Japan, Iyer draws on his years of experienceðhis travels, conversations, readings, and reflectionsðto craft a playful and profound book of surprising, brief, incisive glimpses into Japanese culture. He recounts his adventures and observations as he travels from a meditation hall to a love hotel, from West Point to Kyoto Station, and from dinner with Meryl Streep to an ill-fated call to the Apple service center in a series of provocations guaranteed to pique the interest and curiosity of those who don't know Japanðand to remind those who do of its myriad fascinations.

Millennials want to learn how to start investing. The problem is that most have no idea where to begin. There's a significant lack of information out there catering to the concerns of new millennial investors, such as- Should I invest while paying down student loans? How do I invest in a socially responsible way? What about robo-advisors and apps-are any of them any good? Is Reddit a good resource for investment advice? In this second book in the Broke Millennial series, Erin Lowry delivers all of the investment basics in one easy-to-digest package. Tackling topics ranging from common terminology to retirement savings and even how to actually buy a stock, this hands-on guide will help any investment newbie become a confident player in the market on their way to building wealth.

A clear-cut guide to understanding the curative power of plant essences, using essential oils safely, and concocting your own therapeutic blends. Essential oils give us the ability to take our health into our own hands, supplying natural, easy ways to address a wide range of issues from the mental to the physical. There's a lot of information to explore, and those unfamiliar with essential oils may feel overwhelmed. A Beginner's Guide to Essential Oils is the perfect introduction to the curative properties of essential oils, from lavender and lemongrass to sweet orange and sandalwood. The 70 most helpful oils are divided into categories based on their scent, ranging from herbaceous to citrus, floral to spicy. Each oil profile provides readers with benefits, origin, effective application methods, and safety precautions. Readers will be able to easily incorporate essential oils into daily life, learning to make their own blends and discovering natural solutions to boost skin and hair health, alleviate anxiety and depression, support digestion, and treat inflammation. Succinct, useful, and easy-to-digest, A Beginner's Guide to Essential Oils can help anyone tap into the natural world and cultivate an intuition for healing.

An indispensable guide for both beginners and experienced journalists. This textbook covers the topics all journalist need to know for a career in journalism in New Zealand. These include finding and writing news, reporting specialist rounds (like politics and sport), radio and TV journalism, media law and ethics. The book embraces the modern digital world, with chapters on webbased reporting, digital news photography and using social media to find and develop stories. There are also chapters on reporting Maori affairs and reporting on diversity. The book has a very practical focus. The chapters are all written by experienced journalism educators and journalists, and include extensive advice from working journalists. The book was originally commissioned and published by the New Zealand Journalists Training Organisation, the industry body that oversaw the training of New Zealand journalists. There are also exercises available online for all of the books chapters.

If you are new to both JavaScript and programming, this hands-on book is for you. Rather than staring blankly at gobbledygook, you'll explore JavaScript by entering and running hundreds of code samples in Firebug, a free JavaScript debugger. Then in the last two chapters, you'll leave the safety of Firebug and hand-code an uber cool JavaScript application in your preferred text editor. Written in a friendly, engaging narrative style, this innovative JavaScript tutorial covers the following essentials: Core JavaScript syntax, such as value types, operators, expressions, and statements provided by ECMAScript. Features for manipulating XHTML, CSS, and events provided by DOM. Object-oriented JavaScript, including prototypal and classical inheritance, deep copy, and mixins. Closure, lazy loading, advance conditional loading, chaining, currying, memoization, modules, callbacks, recursion, and other powerful function techniques. Encoding data with JSON or XML. Remote scripting with JSON-P or XMLHttpRequest Drag-and-drop, animated scrollers, skin swappers, and other cool behaviors. Optimizations to ensure your scripts run snappy. Formatting and naming conventions to prevent you from looking like a greenhorn. New ECMAScript 5, DOM 3, and HTML 5 features such as Object.create(), Function.prototype.bind(), strict mode, querySelector(), querySelectorAll(), and getElementsByClassName(). As you can see, due to its fresh approach, this book is by no means watered down. Therefore, over the course of your journey, you will go from JavaScript beginner to wizard, acquiring the skills recruiters desire.

Returning to his longtime home in Japan after his father-in-law's sudden death, Pico Iyer picks up the steadying patterns of his everyday rites: going to the post office and engaging in furious games of ping-pong every evening. But in a country whose calendar is marked with occasions honoring the dead, he comes to reflect on changelessness in ways that anyone can relate to: parents age, children scatter, and Iyer and his wife turn to whatever can sustain them as everything falls away. As the maple leaves begin to turn and the heat begins to soften, Iyer shows us a Japan we have seldom seen before, where the transparent and the mysterious are held in a delicate balance, and where autumn reminds us to take nothing for granted.

15-Minute Watercolor Masterpieces, Anna's first book, is one of our strongest selling titles. She made watercolor approachable, fun and easier than everðand now she's doing the same with the latest painting trend, gouache. A marriage between acrylics and watercolor, gouache is the next big thing in the art world!ðit's easier to control than watercolor and allows for richer pigments and easy fixes, making it a great option for beginners. Anna shows you just how magical gouache can be!ðand each of her 50 projects can be completed in just five easy-to-follow steps. Divided into chapters on beautiful landscapes, colorful flowers and plants, cute animals and more, readers will have a big variety of projects to choose from. And each step is accompanied by an image, making it even easier for readers to follow along. Anna is the founder of DearAnnArt, an online art community with hundreds of thousands of followers.

First published in 1993, the award-winning Cherry Grove, Fire Island tells the story of the extraordinary gay and lesbian resort community near New York City. This new paperback edition includes a new preface by the author.

Feeling out of sorts and want to naturally rebalance?Looking to boost your physical and spiritual wellbeing?Curious about essential oils, but not sure how they could benefit you?Essential oils and natural plant remedies have been employed by humans for millennia, used for both preventative and reactive care for our minds, bodies and spirits.From blending oils to remedy headaches, insect bites or inflammation to creating bespoke fragrances to cleanse your physical and mental space, this book includes everything you need to begin integrating essential oils into your everyday. It also features specific information on the properties and uses of over 65 natural plant essences, and the variety of methods for getting the most out of each to boost your health and wellbeing. In other words, there's something for everybody!

Their Bohemian lifestyle and intertwined love affairs shockingly broke 19th Century class barriers and bent the rules that governed the roles of the sexes. They became defined by love triangles, played out against the austere moral climate of Victorian England; they outraged their contemporaries with their loves, jealousies and betrayals, and they stunned society when their complex moral choices led to madness and suicide, or when their permissive experiments ended in addiction and death. The characters are huge and vivid and remain as compelling today as they were in their own time. The influential critic, writer and artist John Ruskin was their father figure and his apostles included the painter Dante Gabriel Rossetti and the designer William Morris. They drew extraordinary women into their circle. In a move intended to raise eyebrows for its social audacity, they recruited the most ravishing models they could find from the gutters of Victorian slums. The saga is brought to life through the vivid letters and diaries kept by the group and the accounts written by their contemporaries. These real-lie stories shed new light on the greatest nineteenth-century British art.
