World System
of ideas, meanings, and values around the world in such a way as to extend and intensify social relations. This process is marked by the common consumption of cultures that have been diffused by the Internet, popular culture media, and international travel. This has added to processes of commodity exchange and colonization which have a longer history of carrying cultural meaning around the globe. The circulation of cultures enables individuals to

Globalization and Culture /
Nottingham Trent University
Issues of identity -
cultural, personal, and of
place - and the contest over
the meanings of places and
cultures are set in the
context of the changing
geography of social power.
Beginning with international
migration, the book
establishes a centuries-old
context of movement,
settlement, and hybridity
within which current debates
must be set.
