"For Davey and his friends, the worst thing in the world has happened. They have a big match coming up and their teammates are falling like flies. Most terrible of all is that Mo Clouter, the school bully who hates cricket, wants to play. What's he up to? Luckily, there's a new kid at school, who just happens to be an ace player. Tay Tui is an awesome wicketkeeper, but she won't stop singing while she plays. Then, disaster - Davey's in trouble again and he's on detention for the match"--Back cover.

Behind the scenes at the legendary Warner Brothers film studio, where four immigrant brothers transformed themselves into the moguls and masters of American fantasy Warner Bros charts the rise of an unpromising film studio from its shaky beginnings in the early twentieth century through its ascent to the pinnacle of Hollywood influence and popularity. The Warner Brothers—Harry, Albert, Sam, and Jack—arrived in America as unschooled Jewish immigrants, yet they founded a studio that became the smartest, toughest, and most radical in all of Hollywood. David Thomson provides fascinating and original interpretations of Warner Brothers pictures from the pioneering talkie *The Jazz Singer* through black-and-white musicals, gangster movies, and such dramatic romances as *Casablanca*, *East of Eden*, and *Bonnie and Clyde*. He recounts the storied exploits of the studio 's larger-than-life stars, among them Al Jolson, James Cagney,

Bette Davis, Errol Flynn, Humphrey Bogart, James Dean, Doris Day, and Bugs Bunny. The Warner brothers' cultural impact was so profound, Thomson writes, that their studio became "one of the enterprises that helped us see there might be an American dream out there."

In this first book in the series, Davey and his friends have a big game coming up against Shimmer Bay, their arch rivals in the local comp. They need to practise, and spend all their free time at school in the morning and at lunchtime making sure they'll be ready. But disaster strikes and they find themselves on detention. Which means no cricket. The boys are desperate. They're going to need to pull something special out of the bag to win against Shimmer Bay.

Davey Warner bets his friend Sunil half his birthday money-bought lollies that he can hit six sixes in the upcoming battle against their club rivals, Shimmer Bay, for the No 1 spot on the ladder. But when he forgets to hand in his PE assignment on lawn bowls (the favourite sport of Mr Mudge, their Year Six teacher), Davey is banned from playing cricket until it..s.. done.

David Warner first arrived on Bimini in his youth. Captivated by the island's quirky natives and their relaxed culture, Warner has been returning frequently ever since. Rather than write a travel guide, in his new book Warner recreates the excitement and danger of the Bimini he has come to know for the traveler who prefers the safety of the armchair. Warner introduces us to the eclectic personalities that people the island--the fishermen and smugglers, the Hemingway scholars and

the Hemingway compatriots, the lawless and the lovelorn--and recounts the adventures they lived. With his intimate knowledge of the island and its inhabitants, Warner, Bimini's adopted son, takes the reader on a trip to the Bahamas not available through any tour.

This volume draws together a number of senior academic managers to prepare a series of detailed institutional case-studies. These case-studies identify the nature of the crisis, describe the action taken to put it right, and consider the lasting consequences. An important chapter gives the informed perspectives of the funding council on higher education crises and the final chapter draws a series of significant conclusions.
