Writing a medical research paper is similar to writing other research papers in that you want to use reliable sources, write in a clear and organized style, and offer a strong argument for all conclusions you present. In some cases the research you discuss will be data you have actually collected to answer your research questions.

Excerpt from Research Paper : Physician-assisted suicide should be legalized in all of America. The issue of physician-assisted suicide, from time to time, makes the rounds of the mainstream media, most recently with the case of Brittany Maynard, the terminal cancer patient who at the age of 29 used physician-assisted suicide. She had moved from California to Oregon in order to be able to do this, as the practice is not yet legal in her home state (The Telegraph, 2014).

Wakefield also failed to disclose conflicts of interest to The Lancet medical journal, which in 1998 published the research paper that sparked the MMR scare. The paper has since been withdrawn by The Lancet and discredited. The scare nonetheless led to a dramatic drop in MMR vaccination rates and a rise in cases of measles.
