Getting it Across is a practical guide for researchers and graduate students who need to publish their findings. The focus of the book is on effective writing: using strong sentences, clear word choice, and effective structure to get the message across. The book includes over a hundred examples of actual written texts, mostly taken from the architecture and planning field. Using this "real text" approach and written in a light and accessible tone, the book addresses-in a very practical way-all the issues facing the academic writer: structure, grammar, word choice, and especially style. Apart from its many applied examples, the book includes complete explanations, exercises and a thorough answer key. This makes the book an ideal self-study and reference book, as well as a practical text book for

academic writing courses in the social sciences.

A practical guide to both writing and getting published, written by an expert in academic publishing.

Most international students need to write essays and reports for exams and coursework. Yet writing good academic English is a demanding task. This new edition of Academic Writing has been fully revised to help students reach this goal. Clearly organised, the course explains the writing process from start to finish. Each stage is demonstrated and practised, from selecting suitable sources, reading, note-making and planning through to re-writing and proofreading. The book is divided into short

sections which contain examples, explanations and exercises for use in the classroom or self-study. Cross-references allow easy access to relevant sections, and a full answer key is included. The 3rd edition has been developed in response to suggestions from both students and teachers. Featuring a new website, there is increased coverage of plagiarism, argument, cause and effect, comparison, definitions and academic style. Different forms of writing, including reports and literature reviews, are also covered. All international students wanting to maximise their academic potential will find this easy-to-use, practical book a valuable guide to writing in English for their degree courses. `A comprehensive, well-written and beautifully organized book on publishing articles in the humanities and social sciences that will help its readers write forward with a first-rate guide as good company.' - Joan Bolker, author of *Writing Your Dissertation in Fifteen Minutes a Day*

`Humorous, direct, authentic ... a seamless weave of experience, anecdote, and research.' - Kathleen McHugh, professor and director of the UCLA Center for the Study of Women Wendy Laura Belcher's *Writing Your Journal Article in Twelve Weeks: A Guide to Academic Publishing Success* is a revolutionary approach to enabling academic authors to overcome their anxieties and produce the publications that are essential to succeeding in their fields. Each week,
