Award-winning speaker and business consultant Joey Coleman teaches audiences and companies all over the world how to turn a one-time purchaser into a lifelong customer. Coleman's theory of building customer loyalty isn't about focusing on marketing or closing the sale: It's about the First 100 Days® after the sale and the interactions the customer experiences. While new customers experience joy, euphoria, and excitement, these feelings quickly shift to fear, doubt, and uncertainty as buyer's remorse sets in. Across all industries, somewhere between 20%-70% of newly acquired customers will stop doing business with a company with the first 100 days of being a new customer because they feel neglected in the early stages of customer onboarding. In *Never Lose a Customer Again*, Coleman offers a philosophy and methodology for dramatically increasing customer retention and as a result, the bottom line. He identifies eight distinct emotional phases customers go through in the 100 days following a purchase. From an impulse buy at Starbucks to the thoughtful purchase of a first house, all customers have the potential to experience the eight phases of the customer journey. If you can understand and anticipate the customers' emotions, you can apply a myriad of tools and techniques -- in-person, email, phone, mail, video, and presents -- to cement a long and valuable relationship. Coleman's system is presented through research and case studies showing how best-in-class companies create remarkable customer experiences at each step in the customer lifecycle. In the "Acclimate" stage, customers need you to hold their hand and over-explain how to use your product or service. They're often too embarrassed to admit they're confused. Take a cue from Canadian

software company PolicyMedical and their challenge of getting non-technical users to undergo a complex installation and implementation process. They turned a series of project spreadsheets and installation manuals into a beautiful puzzle customers could assemble after completing each milestone. In the "Adopt" stage, customers should be welcomed to the highest tier of tribal membership with both public and private recognitions. For instance, Sephora's VIB Rogue member welcome gift provides a metallic membership card (private recognition) and a members-only shade of lipstick (for public display). In the final stage, "Advocate," loyal customers and raving fans are primed to provide powerful referrals. That's how elite entrepreneurial event MastermindTalks continues to sell-out their conference year after year - with zero dollars spent on marketing. By surprising their loyal fans with amazing referral bonuses (an all-expenses paid safari?!) they guarantee their community will keep providing perfect referrals. Drawing on nearly two decades of consulting and keynoting, Coleman provides strategies and systems to increase customer loyalty. Applicable to companies in any industry and of any size (whether measured in employee count, revenue, or total number of customers), implementing his methods regularly leads to an increase in profits of 25-100%. Working with well-known clients like Hyatt Hotels, Zappos, and NASA, as well as mom-and-pop shops and solo entrepreneurs around the world, Coleman's customer retention system has produced incredible results in dozens of industries. His approach to creating remarkable customer experiences requires minimal financial investment and will be fun for owners, employees, and teams to implement. This book is required reading for business owners, CEOs, and managers - as well as sales and marketing teams, account managers, and customer service representatives looking for easy to implement action steps that result in lasting change, increased profits, and lifelong customer retention.

When has whining about the supposedly unavoidable circumstances that led to your great debt ever paid down your principle? Has complaining about how taxes and Social Security have kept you from building up any kind of decent savings account ever increased your quarterly statements? Then stop your whining and deflecting and get to work on that financial freedom you 've always dreamed of. Soldier of Finance is a no-nonsense, military-style training manual to overcoming financial obstacles and building lasting wealth. Author, army veteran, and Certified Financial Planner(TM) Jeff Rose modeled this financial survival guide on the Soldier 's Handbook that is issued to all new US Army recruits. Inside the 14 modules that Rose used to systematize his essential elements of financial success, you will learn how to:

- Evaluate your position and commit to change
- Target and methodically eliminate debt
- Clean up your credit report
- Create tactical budgets
- Build emergency savings
- Invest for the short and long term
- Determine an affordable mortgage size
- And more

Complete with tales from the trenches, useful quizzes, debriefings, and more, Soldier of Finance is the strategy manual and survival guide you need to win victory over your debt and bring order and prosperity to your life.

Guides readers on the path to financial freedom, discussing how to not only weather but gain from fluctuations in the stock market, how to get more out of a 401k, and how to avoid paying hidden fees.

A world-renowned money manager shares winning strategies for small-stock investing Since forming Bares Capital Management, Inc. in 2000, Brian Bares has shown that above average returns can be generated through the careful selection of small company common stocks. Additionally, he's shown how concentrating capital in a handful of ideas improves the potential for outperformance by increasing the depth of knowledge of each position and allowing each security to have a more meaningful impact on the portfolio. In *The Small-Cap Advantage: How Top Endowments and Foundations Turn Small Stocks Into Big Returns*, Bares describes how endowment-model investors and aspiring managers can gain meaningful exposure to small stocks while sidestepping many of the obstacles that have historically prevented institutional investment in the asset class. The book also Details the historical outperformance of small-cap stocks Contrasts the various strategies employed by managers in the space Explains how aspiring managers can structure a firm to boost performance and attract institutional capital Describes how endowment-model institutions can evaluate and engage outside managers for their small-cap allocations Summarizes important topics such as liquidity and the research process Bigger is not better. *The Small-Cap Advantage* reveals that small stocks have historically performed better than large ones, and that lack of competition in small-cap stocks provides diligent managers with a singular opportunity to outperform.

Four-time New York Times bestselling author Gary Vaynerchuk offers new lessons and inspiration drawn from the experiences of dozens of influencers and entrepreneurs who rejected the predictable corporate path in favor of pursuing their dreams by building thriving businesses and extraordinary personal brands. In his 2009 international bestseller *Crush It*, Gary insisted that a vibrant personal brand was crucial to entrepreneurial success, In *Crushing It!*, Gary explains why that 's even more true today, offering his unique perspective on what

has changed and what principles remain timeless. He also shares stories from other entrepreneurs who have grown wealthier—and not just financially—than they ever imagined possible by following Crush It principles. The secret to their success (and Gary ' s) has everything to do with their understanding of the social media platforms, and their willingness to do whatever it took to make these tools work to their utmost potential. That ' s what Crushing It! teaches readers to do. In this lively, practical, and inspiring book, Gary dissects every current major social media platform so that anyone, from a plumber to a professional ice skater, will know exactly how to amplify his or her personal brand on each. He offers both theoretical and tactical advice on how to become the biggest thing on old standbys like Twitter, Facebook, YouTube, Instagram, Pinterest, and Snapchat; podcast platforms like Spotify, Soundcloud, iHeartRadio, and iTunes; and other emerging platforms such as Musical.ly. For those with more experience, Crushing It! illuminates some little-known nuances and provides innovative tips and clever tweaks proven to enhance more common tried-and-true strategies. Crushing It! is a state-of-the-art guide to building your own path to professional and financial success, but it ' s not about getting rich. It ' s a blueprint to living life on your own terms.

DIVNick Evans runs the popular food blog macheesmo.com, and he came up with a simple yet effective concept for everyday cooking: Create one foundation dish, in decent quantity, when you have the time--perhaps on a lazy Sunday afternoon--and then repurpose it to make other delicious dishes throughout the week. Cooking this way saves time and money and allows busy people to eat well every night. Love Your Leftovers includes breakfast, lunch, dinner, and dessert options as well as a wide range of cuisines. Each main dish will have eight to ten creative recipes for leftovers. So, if you make a Roast Chicken one night, you can then make Chicken Tortilla Soup, Creamy Chicken Pesto Pasta, or Chicken and Dumplings another night. A Flank Steak can morph into Spicy Beef Wontons or Vietnamese Noodle Salad. Spicy Black Beans can become Black Bean Burgers or Crunchy Black Bean Tacos. Love Your Leftovers will also feature chapters on kitchen and pantry basics and Meal Planning 101, as well as a helpful index of vegetarian and thirty-minute meals. /div
