"International Business' addresses the strategic, structural and functional implications of international business in firms around the world."--Source inconnue.

- Binder Ready Loose-Leaf Text (0077437608) - This full featured text is provided as an option to the price sensitive student. It is a full 4 color text that ' s three whole punched and made available at a discount to students. Also available in a package with Connect Plus (0077437527).

Charles Hill ' s Global Business Today, 4e (GBT) has become an established text in the International Business market for its excellent but concise coverage of the key global issues including the cultural context for global business, cross-border trade and investment, the global monetary system and competition in the global environment. GBT ' s concise chapters give a general introduction to international business - emphasizing the environmental factors, with less coverage of operations. Charles Hill is renowned for his attention to research trends and that is evident in Global Business Today, 4e through a variety of real world examples and cases from small, medium, and large companies throughout the world

For a first course in international business at the undergraduate or M.B.A. Level, Section 1 discusses the nature of international business and the three environments in which an international businessperson works. Section II examines the important international organizations, the international monetary system and their input in business. Section III discusses the uncontrollable forces that make up the foreign environments and illustrates their effects on business practices. The final section deals with the functions of management and shows how managers deal with the uncontrollable forces. Trends and new directives of international companies are also treated.

Charles Hill's Global Business Today, 3e (GBT) has become an established text in the International Business market for its excellent, but concise coverage of the key global issues including the cultural context for global business, cross-border trade and investment, the global monetary system and competition in the global environment. GBT's concise chapters give a general introduction to international business - emphasizing the environmental factors, with less coverage of operations. Charles Hill is renowned for his attention to research trends and that is evident in Global Business Today, 3e through a variety of real world examples and cases from small, medium, and large companies throughout the world.

Overview: Charles Hill ' s Global Business Today, 7e has become the most widely used text in the International Business market. Hill explains that he attempted to write a book that: (1) is comprehensive and up-to-date, (2) it goes beyond an uncritical presentation and shallow explanation of the body of knowledge, (3) it maintains a tight, integrated flow between chapters, (4) it focuses on managerial implications, (5) it makes important theories accessible and interesting to students, and (6) it incorporates ancillary resources that enliven the text and make it easier to teach. Our research has shown that students and instructors alike enjoy the interesting, informative, and accessible writing style of GBT – so much so that the writing has become Charles Hill ' s trademark. The author ' s passion and enthusiasm for the international business arena is apparent on every page. In addition to boxed material which provides deep illustrations in every chapter, Hill carefully weaves interesting anecdotes into the narrative of the text to engage the reader. For example, read the text description of Mixed Economy on pages 52-53.

International Business addresses the strategic, structural and functional implications of international business in firms around the world. This is exhibited through a critical, integrated flow from chapter to chapter.
