Magic Lantern's Most Important Functions Is a \$150 Camera AWFUL or AMAZING? | Canon EOS M W/ Magic Lantern Review Magic Lantern Guides Canon The Magic Lantern guide to the Canon G12 is undeniably better than the CD instruction manual. That said, I still would have preferred a more in depth, less general, guide to what is, after all, an advanced 'compact' camera. Some really rather 'nice' photos taken (presumably) with the G12 are included, too!

The Magic Lantern Guide for the Canon EOS 7D is so much "better" than the camera manual for explaining how and why to use the 7d's functions, that I would strongly recommend buying this guide if you can't find a copy of David Busch's Compact Field Guide for the Canon EOS 7D. I had the Magic Lantern Book for about 3 months and found it extremely useful, when a friend recommended the Busch book.

The canon menus seem to briefly overlay the ML menus during things like half shutter presses and autofocus face recognition, but this does not seem to affect taking pictures or video. Also, if you switch the camera off when in 3x crop movie mode and change to a card without ML, there is no way to go back to regular movie mode without rebooting from a ML card and changing it back to uncropped ...
