THE ULTIMATE INTERPRETER OF GUY BEHAVIOR Why doesn't my man get me flowers? Easy - because flowers don't do anything cool. Will I scare him off if I call him first? No way. Well, not unless he's actually terrified of his phone, in which case you likely have bigger problems. Why can't he just talk to me about our relationship? Yeah . . . and how come a gazelle never waits around to see if that lion is friendly? Men sometimes seem impossible to understand. But it turns out they're about as easy to read as coloring books - if you know what you're looking for. Manslations answers all these questions and more in this hilarious - and honest - guide to what men say, who they are, and why they behave the way they do. Elena Murzello cannot imagine going to the grocery store without a list. As she strolls through the aisles, she relies on her list to make sure she gets her must-haves and to help keep her from grabbing items she does not need. It was with this theory in mind that, at age twenty-one, she created a list of characteristics for a potential lifelong mate that still guides her love choices to this day. In *The Love List*, Elena shares her real-life experiences as well as information gathered from more than a hundred single, divorced, and married men and women about the qualities they look for in a life partner. Abstracting details from her interviews she created a process that anyone can use to create his or her own lists. Along with introspective questions to ponder, Elena includes sample lists of characteristics, the top three traits both men and women seek in a partner, an exploration of different types of relationships, and ways to diversify a portfolio of suitors. *The Love List* provides practical tips and personal stories to encourage single people to look deep within, take risks, and learn to rely on their own unique lists while searching for the perfect mate.
