Hay un DCD (The Art of Conducting Technique: A New Perspective (DVD)) que acompaña al libro (se vende por separado), pero tampoco ayuda mucho. Si ya conoces la técnica de Farberman y crees que es buena puede que este libro sea bueno para ti, de otra forma creo que es mejor conocer su técnica a través de una persona que la domine y después decidir si merece la pena su compra.

The ultimate goal of conducting technique is to visually represent the music, in a way that is clear to the players and that reflects the intention of the composer and the interpreter. It's a tool that serves its bearer, the conductor, who in turns serves the music. Conducting is hard and it needs to sit on solid grounds in order to be useful.

Let's briefly digress from our discussion of the purpose of a conductor and instead consider the technique the conductor employs. One must consider the goals of the conductor at any given time to develop a workable framework for technique. At the most basic level, the conductor moves their arms in patterns that convey 'where' or...

Rather, a conductor uses a variety of communicative tools in addition to his hands. The art of conducting is therefore a composite one – an amalgam of various forms of physical movement and posture, facial expressions and hand gestures, all of which are framed by the personality of the individual.

~~The Craft of Conducting—A General Introduction—Music...~~

Conducting is the art of directing a musical performance, such as an orchestral or choral concert. It has been defined as "the art of directing the simultaneous performance of several players or singers by the use of gesture." The primary duties of the conductor are to interpret the score in a way which reflects the specific indications in that score, set the tempo, ensure correct entries by ensemble members, and "shape" the phrasing where appropriate. Conductors communicate with their musicians

~~The Art of Conducting—Legendary Conductors of a Golden...~~

Some schools believe that conducting technique essentially boils down to a few patterns while the art of conducting is demanded to a blurry definiion of charisma. For others, conductors are born, not made, therefore there is no conducting technique per se but rather the innate disposition of an individual to communicate through gestures.

~~The Art of Conducting Technique: A New Perspective...~~

Maestro Farberman's treatise on the art of conducting is born of a lifetime of playing, observing and interpreting musical gesture as it pertains to the gestures a good conductor makes in relationship to the music being performed by an orchestra. The music defines the technique; the technique does not define the music.

A fresh, original look at the art of conducting, including Pattern Cubes, which is a three-dimensional system for charting baton movement. Through this book, both the aspiring and the experienced conductor will benefit from Harold Farberman's experience and ideas.

Young Sarah, with the help of her friend Billy the Ghost, proves herself as a deputy by planning the perfect capture of two bank robbers in her Western town of Cactus Junction.

Music. Spiral bound.

(Meredith Music Resource). This incredible book by one of the world's foremost authorities on conducting contains no conducting patterns, and no advice on how to conduct any piece. Instead, it focuses on the skills, knowledge and experiences needed to become and function as a conductor-teacher. "This text is a 'must have' for all serious musicians. It captures the legacy and wisdom of one of the most important conductors of our time. This is what can happen when a focused and inquisitive mind meets up with a uniquely creative imagination." Eugene Migliaro Corporon, Director of Wind Studies, College of Music University of North Texas (a href="http://youtu.be/JM6g4KBA4Fk" target="_blank")Click here for a YouTube video on On Becoming a Conductor(/a)

From the publisher. Basic Conducting Techniques is a practical and innovative textbook that provides sound, time tested procedures and material for the beginning conducting class. Students and professors have responded enthusiastically to the hands-on, conductor competency approach of this student{u2013}oriented textbook with its clearly stated objectives and performance tests.

Known internationally for his work as a teacher of conducting, Gustav Meier's influence in the field cannot be overstated. In The Score, the Orchestra and the Conductor, Meier demystifies the conductor's craft with explanations and illustrations of what the conductor must know to attain podium success. He provides useful information from the rudimentary to the sophisticated, and offers specific and readily applicable advice for technical and musical matters essential to the conductor's first rehearsal with the orchestra. This book details many topics that otherwise are unavailable to the aspiring and established conductor, including the use of the common denominator, the "The ZIG-ZAG method", a multiple, cross-indexed glossary of orchestral instruments in four languages, an illustrated description of string harmonics, and a comprehensive listing of voice categories, their overlaps, dynamic ranges and repertory. The Score, the Orchestra and the Conductor is an indispensable addition to the library of every conductor and conducting student.

A guide to the art of conducting in the twenty-first century, by the founder of the RCM's Twentieth Century Ensemble.

Conducting and Rehearsing the Instrumental Music Ensemble is the most comprehensive guide on the rehearsal process for conducting instrumental music ensembles. Ideal for the advanced instrumental music conductor seeking to look beyond basic conducting technique, this work breaks the multidimensional activity of working with an ensemble, orchestra, or band into its constituent components. Advanced students of conducting will find within the full range of conducting activities: • Chapters on the infrastructure of the rehearsal, the rehearsal environment, 10 rehearsal essentials, score study, music imagery, inner singing, and rehearsal procedures (with an emphasis on an integrated approach to rehearsing) • The technical priorities of intonation and tuning, rhythm patterns, ensemble sonority (tone, balance, blend, color and texture), and articulation • The musical priorities of tempo and ensemble precision, phrasing and the musical line, style and interpretation, dynamics and musical expression • Emphasizing the expectations of 21st-century conductors, the challenges of conducting and rehearsing contemporary music, preparing conductor profiles and self-evaluations, and moving from the rehearsal process to concert performance Conducting and Rehearsing the Instrumental Music Ensemble is a great resource for teachers and students of conducting, as well as current conductors wishing to further hone their skills.

"John Watkins has used his years of experience on both sides of the baton to create a charming introduction to the art of conducting. There are not many reference books that deal with the 'how to' of directing a group of musicians. This practical guide to conducting wisely stays away from musical theory and concentrates on how to communicate with musicians from base amateur to seasoned professional This is a must for a newly aspiring conductor, and an experienced conductor could very well use this as a refresher." -John Tozer, music director, Scarborough, Ontario An invaluable reference guide for musicians of all types, The Art of the Conductor contains clear and detailed descriptions of universally accepted techniques used by the world's best and most successful music conductors. Classically trained musician and conductor John J. Watkins discusses the evolution of conducting technique and how it relates to various forms of music, and he outlines the wide array of skills conductors need today. He also explains the finer points of technique and control, including beat patterns and signals, tempo changes, and using the left hand, to make the conducting experience as rewarding as possible. The Art of the Conductor will help conductors, choristers, and instrumentalists build their skills and confidence for more relaxed, enjoyable, and polished performances that audiences will love.
