The Bisexual Option explores bisexuality, explains the bisexual, and explodes myths surrounding this large "unseen" segment of the population. Now in its second edition, this intriguing book gives an overview of bisexuality. As there is still no book that covers the subject like this one, it is must reading for establishing a contemporary view of bisexuality and those committed to a bisexual lifestyle. Fritz Klein, an experienced psychiatrist and expert in bisexuality and sexual orientation, explains the concept and the variables of sexual orientation and where bisexuality fits. He covers many subjects in the book including: myths of bisexual nonexistence and the "either/or" dilemma - intimacy, both emotional and sexual - an explanation of bisexuality and the Oedipus Complex - definitions and examples of the healthy and troubled bisexual - major sociological findings about bisexuality - the bisexual in history - the bisexual as depicted in the arts - factors that will influence bisexuality in the future The book helps readers understand where they fit on the sexual orientation continuum. The Bisexual Option aids in explaining who bisexuals are and why they have problems in heterosexual as well as homosexual societies and shows bisexuals that they are not alone. Even helping professionals will find information on this "invisible" but large segment of the population. A variety of readers will want to read The Bisexual Option including the bisexual community and individual bisexuals, the homosexual communities which include many bisexuals, mental health practitioners, psychologists, both students and professionals, university students, married partners of bisexuals, HIV/AIDS workers who wish to become acquainted with how bisexuality affects the risk to the heterosexual community, sexologists, and researchers.

Drawing on sociology, psychology, history, art, and frank conversations with male and female bisexuals, the author examines the incidence and nature of bisexuality, the attitudes of bisexual persons, and the rewards of bisexuality

"Bisexuality is about three centuries overdue . . . nevertheless, here it is: a learned, witty study of how our curious culture has managed to get everything wrong about sex." -Gore Vidal

Gain an in-depth understanding of the unique struggles of the bisexual community! " To me the gay and straight worlds are exactly the same, equally limited, judgmental, and bourgeois . . . just mirror images of each other. I truly like and overlap with some of the gay world, but my roots refuse to take hold there and grow. Unfortunately, my well-established roots in the straight world are simultaneously shriveling and dying too, leaving me feeling extremely unstable. " — "Cool," a bisexual woman involved in a support group There are at least five million bisexual people in America, generally invisible to straight society, the gay community, and even to each other. While the vast majority of these five million live within the straight or gay world, there are a few who have formed a community of their own. Bi America: Myths, Truths, and Struggles of an Invisible Community offers an inside look at the American bisexual community and gives an understanding of the special circumstances unique to being bisexual. The book takes the reader to bi community events from picnics, to conferences, to support groups, to performances in order to expose the everyday trials of the bisexual community. Bi America includes very personal stories that let the voice of everyday bisexuals be heard through interviews, the " Bisexual History Project," in which ten bisexual people tell their life stories, and the " Online Support Group," a group of about 75 people who meet in cyberspace to talk about their lives and challenges. The book also includes the findings of a 2002 survey of about 300 bisexual people conducted via the Internet, an appendix that offers a concise list of resources for further study and personal enrichment, and an unabridged transcript of the " Bisexual History Project." Get the answers to these questions in Bi America: What is bisexuality? Is there a bisexual community? What are commonalities and differences between the experiences of bi men and bi women? What is the special relationship between the bisexual and the transgender community? How have bisexuals and the bi community been affected by HIV/AIDS? What is the future of bisexual activism, if any? and many more! Bi America is a fascinating resource that exposes the challenges, struggles, and triumphs of bisexuals in America. Bisexuals, especially those newly coming out, can use this book to help understand their identity, and family members and friends seeking some insight into the unique circumstances faced by their loved ones will also find it helpful. This book will interest those concerned with the sociology of deviance or with subcultures in general. It is also appropriate for undergraduate sociology and cultural anthropology, as well as feminist studies and LGBT studies classes. This book offers one of the few accessible, nonacademic looks at this unique and interesting community. Visit the book's Web site at http://www.bi101.org

" I am part of the generation that came of age when Bi Any Other Name was already in print. This groundbreaking anthology gave me the language, courage and sense of community I needed as a young queer woman. " —Daisy Hernández, A Cup of Water Under My Bed The 25th Anniversary Edition Bi Any Other Name: Bisexual People Speak Out first debuted in 1991. This groundbreaking book helped catalyze a national movement for bisexual identity, justice and equality. Often dubbed " the bisexual bible, " Bi Any Other Name was on Lambda Book Review ' s Top 100 GLBT Books of the 20th century and became a beloved reference text in many classrooms, doctors ' offices, libraries, and pulpits. A 2007 Mandarin translation was published in Taiwan. The new 2015 introduction of this book updates readers to the enormous changes the past quarter century has brought — for bi people, the larger society and the sexual rights and liberation movement of which we are a part. When did you know? How did you come out? What was your experience? The coming out stories in this book speak to the many ways bisexuals embrace realities outside rigid either/or categories throughout the passage of our lives. Everyday stories of women, men, transgender bisexuals, teenagers to octogenarians, from many different cultures and family arrangements. The fierce truth of these lives made visible puts a check on bisexual erasure, exposing the binary constructions of gay/straight and male/female as oversimplifications that reduce spectrums to mere opposites. Caught between the mainstream culture ' s persistent discounting of bisexuality, the sensationalizing characterizations presented in media, and the sexual liberation movement ' s continual disregard of bisexuality as a serious identity, bisexual people are often not seen or heard when they speak out. There is a vital need for these earnest voices to be heard in the new century. Enormous cultural changes have occurred in the past 25 years, yes, but understanding bisexualities has just begun.

Organised by experience level (beginner, intermediate, and advanced), this no-holds-barred, irreverent guide is for anyone-bisexual, queer, pansexual, or none of the above - who wants the best of both worlds. Increase your Bi-Q now!
