When david hume began his History of England the undertaking came, not from any sudden resolve nor as an entirely new enterprise, but as one possibly contemplated thirteen years before, in 1739, probably attempted several times thereafter, and certainly considered, at least as a corollary discipline, in a philosophical discourse published in 1748. Even so, any concerted effort long sustained necessarily awaited appropriate conditions: all happily combining for Hume upon his election, January ...

World War 1 was the first major conflict where both sides deployed these weapons. The first 3 months of the war the German Army was marching so fast towards Paris that the defenders had no time to dig themselves in and the only thing that stopped the Germans from taking Paris and immediately winning the war was running out of ammunition and other supplies as motorised military road transport ...

The kingdom of England emerged from the gradual unification of the early medieval Anglo-Saxon kingdoms known as the Heptarchy: East Anglia, Mercia, Northumbria, Kent, Essex, Sussex, and Wessex. The Viking invasions of the 9th century upset the balance of power between the English kingdoms, and native Anglo-Saxon life in general.
