The Numerati have infiltrated every realm of human affairs, profiling us as workers, shoppers, patients, voters, potential terrorists -- and lovers.

Stephen Baker
"The Numerati' is a book about math that won't cause liberal-arts majors to heave it across the room. The slender volume contains not a single esoteric Greek letter or mystifying equation. What's more, writer Stephen Baker artfully conjures up vivid images to explain what he's talking about and why a reader should care."
