The Wisdom of Finance: Discovering Humanity in the World ...

The Wisdom of Finance, on the other hand, offers a refreshing perspective of how it is an intricate part of our lives, instead of something far and alien. By bringing in the humanities and more importantly - some examples very close to the real world - to bridge the gap, Prof Desai has done an incredible job in making the book very much interesting and informative.

Amazon.com: The Wisdom of Finance: Discovering Humanity in ...

"The Wisdom of Finance is that rare book that manages to be both illuminating and truly fun to read. It puts in deeply human terms ideas that have so often become caricatured and one-dimensional. You will be glad you spent time with Mihir Desai, and you will think of several people to whom you will send this book once you 've finished."

The Wisdom of Finance: Discovering Humanity in the World ...

The Wisdom of Finance is a provocative title for any book. One, it has to provide wisdom, and two, the wisdom must be traceable to finance. It is to Mihir Desai's credit that he's able to do both, albeit with a slight stretch of credulity. Desai's greatest accomplishment here is to humanize Finance.

Book review of Mihir Desai's 'The Wisdom of Finance'. In a long time, I have read a book about finance where the author talks about ' great values ' in finance. Mihir Desai appears to be against the demonization of finance when the prevailing discourse out there is Wall Street Economy vs the real economy. Publishing Year: 2017

The Wisdom of Finance: Discovering Humanity in the World ...

Recently, Professor Desai created an online finance course through the HBX platform titled Leading with Finance. His books include The Wisdom of Finance: Discovering Humanity in the World of Risk and Return, published in May 2017, and How Finance Works, published in 2019.

The Wisdom of Finance takes well-known financial concepts and applies them to our most pressing life issues. The book is philosophical in its approach, but Desai's thesis is peppered with real-life examples of how financial types can and should see the world around them."

Longlisted for the FT & McKinsey Business Book of the Year Award 2017 Finance is shrouded in mystery for outsiders, while many insiders are uneasy with the disrepute of their profession. How can finance become more accessible and also recover its nobility? Harvard Business School professor Mihir Desai takes up the cause of restoring humanity to finance. With deft wit, he draws upon a rich knowledge of literature, film, history, and philosophy to explain finance's inner workings. Through this creative approach, he shows that outsiders can easily access the underlying ideas and insiders can reacquaint themselves with the core values of their profession. This combination of finance and the humanities creates unusual and illuminating pairings: Jane Austen and Anthony Trollope are guides to risk management; Jeff Koons becomes an advocate of leverage; and Mel Brooks' *The Producers* teaches us about fiduciary responsibility. In Desai's vision, the principles of finance also provide answers to critical questions in our lives: bankruptcy teaches us how to react to failure, the lessons of mergers apply to marriages, and the Capital Asset Pricing Model demonstrates the true value of relationships. *The Wisdom of Finance* is a wholly unique book, offering an enlivening new perspective on one of the world's most complex and misunderstood professions.

“ Entertaining and informative. Desai takes us on a journey through the fundamentals of finance, from asset pricing to risk and risk management, via options, mergers, debt, and bankruptcy.”- John Lanchester, *The New Yorker* "A fascinating new perspective on modern finance," --Oliver Hart, 2016 Nobel Laureate in Economics "Lucid, witty and delightfully erudite...From the French revolution to film noir, from the history of probability to Jane Austen and *The Simpsons*, this is an astonishing intellectual feast." --Sebastian Mallaby, author of *The Man Who Knew: The Life and Times of Alan Greenspan* Longlisted for 2017 Financial Times/McKinsey Business Book of the Year A 2017 AMAZON PICK IN BUSINESS & LEADERSHIP A WealthManagement.com BEST BUSINESS BOOK OF 2017 In 1688, essayist Josef de la Vega described finance as both “ the fairest and most deceitful business . . . the noblest and the most infamous in the world, the finest and most vulgar on earth. ” The characterization of finance as deceitful, infamous, and vulgar still rings true today – particularly in the wake of the 2008 financial crisis. But, what happened to the fairest, noblest, and finest profession that de la Vega saw? De la Vega hit on an essential truth that has been forgotten: finance can be just as principled, life-affirming, and worthy as it can be fraught with questionable practices. Today, finance is shrouded in mystery for outsiders, while many insiders are uneasy with the disrepute of their profession. How can finance become more accessible and also recover its nobility? Harvard Business School professor Mihir Desai, in his “ last lecture ” to the graduating Harvard MBA class of 2015, took up the cause of restoring humanity to finance. With incisive wit and irony, his lecture drew upon a rich knowledge of literature, film, history, and philosophy to explain the inner workings of finance in a manner that has never been seen before. This book captures Desai ’ s lucid exploration of the ideas of finance as seen through the unusual prism of the humanities. Through this novel, creative approach, Desai shows that outsiders can access the underlying ideas easily and insiders can reacquaint themselves with the core humanity of their profession. The mix of finance and the humanities creates unusual pairings: Jane Austen and Anthony Trollope are guides to risk management; Jeff Koons becomes an advocate of leverage; and Mel Brooks ’ s *The Producers* teaches us about fiduciary responsibility. In Desai ’ s vision, the principles of finance also provide answers to critical questions in our lives. Among many surprising parallels, bankruptcy teaches us how to react to failure, the lessons of mergers apply to marriages, and the Capital Asset Pricing Model demonstrates the true value of relationships. *THE WISDOM OF FINANCE* is a wholly unique book, offering a refreshing new perspective on one of the world ’ s most complex and misunderstood professions.

Based on a popular class taught by a Harvard Business School professor. If you're not a numbers person, then finance can be intimidating and easy to ignore. But if you want to advance in your career, you'll need to make smart financial decisions and develop the confidence to clearly communicate those decisions to others. In *How Finance Works*, Mihir Desai--a professor at Harvard Business School and author of *The Wisdom of Finance*--guides you into

## Download File PDF The Wisdom Of Finance Discovering Humanity In The World Of Risk And Return

the complex but endlessly fascinating world of finance, demystifying it in the process. Through entertaining case studies, interactive exercises, full-color visuals, and a conversational style that belies the topic, Professor Desai tackles a broad range of topics that will give you the knowledge and skills you need to finally understand how finance works. These include: How different financial levers can affect a company's performance The different ways in which companies fund their operations and investments Why finance is more concerned with cash flow than profits How value is created, measured, and maximized The importance of capital markets in helping companies grow Whether you're a student or a manager, an aspiring CFO or an entrepreneur, How Finance Works is the colorful and interactive guide you need to help you start thinking more deeply about the numbers.

The Wisdom of Finance: Discovering Humanity in the World of Risk and Return (2017) by Mihir Desai looks at the principles of finance through popular culture, life experience, and history. Exploring finance through the lens of the humanities reveals that markets are not divorced from other realms of life... Purchase this in-depth summary to learn more.

Desai's case studies provide readers with a unique perspective in the field of international corporate finance. His cases will help them understand international financial markets, including the instruments and techniques used in the foreign exchange market, monetary policy and international asset allocation.

This isn't where you thought you would be. You were meant for more. Your money was meant for more. You and your money are meant for an exciting, adventurous, and satisfying purpose. God designed you, not to be a hoarder, but a conduit through which His generosity flows. In The Money Challenge, Art Rainer takes you on a journey to financial health. But it is not simply for the sake of financial health. The Money Challenge was written to help experience God's design for you and your finances. Welcome to the adventure. Welcome to The Money Challenge.

Everyone has a purpose. And, according to Oprah Winfrey, "Your real job in life is to figure out as soon as possible what that is, who you are meant to be, and begin to honor your calling in the best way possible." That journey starts right here. In her latest book, The Path Made Clear, Oprah shares what she sees as a guide for activating your deepest vision of yourself, offering the framework for creating not just a life of success, but one of significance. The book's ten chapters are organized to help you recognize the important milestones along the road to self-discovery, laying out what you really need in order

to achieve personal contentment, and what life ' s detours are there to teach us. Oprah opens each chapter by sharing her own key lessons and the personal stories that helped set the course for her best life. She then brings together wisdom and insights from luminaries in a wide array of fields, inspiring readers to consider what they ' re meant to do in the world and how to pursue it with passion and focus. Renowned figures such as Eckhart Tolle, Brene Brown, Lin-Manuel Miranda, Elizabeth Gilbert, Jay-Z, and Ellen DeGeneres share the greatest lessons from their own journeys toward a life filled with purpose. Paired with over 100 awe-inspiring photographs to help illuminate the wisdom of these messages, The Path Made Clear provides readers with a beautiful resource for achieving a life lived in service of your calling – whatever it may be.

John Bogle puts our obsession with financial success in perspective Throughout his legendary career, John C. Bogle-founder of the Vanguard Mutual Fund Group and creator of the first index mutual fund-has helped investors build wealth the right way and led a tireless campaign to restore common sense to the investment world. Along the way, he's seen how destructive an obsession with financial success can be. Now, with Enough., he puts this dilemma in perspective. Inspired in large measure by the hundreds of lectures Bogle has delivered to professional groups and college students in recent years, Enough. seeks, paraphrasing Kurt Vonnegut, "to poison our minds with a little humanity." Page by page, Bogle thoughtfully considers what "enough" actually means as it relates to money, business, and life. Reveals Bogle's unparalleled insights on money and what we should consider as the true treasures in our lives Details the values we should emulate in our business and professional callings Contains thought-provoking life lessons regarding our individual roles in society Written in a straightforward and accessible style, this unique book examines what it truly means to have "enough" in world increasingly focused on status and score-keeping.
